

MDS October 1, 2015 Changes

We're ready to release CMS's Oct 1st changes for MDS. You shouldn't notice most of these changes until you are working on an assessment with an ARD date of Oct 1, 2015 or later. We have added some minor fixes that you will notice. Below is a synopsis listing the changes.

MDS Enhancement Synopsis

- Section A: not correctly processing Medicaid # (A0700)
- Section I: to use ICD10 Codes
- Section J: corrects required icons on comments
- Section O: hide/show fixes
- Section X: validation added (X0900E)
 - Inactive if A0310C = 0, 1, 4 or A0310F = 01, 10, 11, 12
- Print to PDF updated to include ICD10 and Oct 1 changes
- MDS Clone
 - Includes ICD10 and Oct 1 changes
 - Removes ability to clone assessments that have been marked as Accepted
- Removes ability to Unlock Assessments that have been marked as Accepted
- Export to include ICD10 and Oct 1 changes
- Import to include ICD10 and Oct 1 changes
- Changes to "Reason for Assessment" dropdown options
